GENERAL TERMS AND CONDITIONS

1. **Prevailing Wage Compliance:** For any project for a “work of improvement” including remodel, repair, maintenance as well a general construction, warranty and emergency work in excess of \$1,000, the following terms are incorporated:
 - a. This project is subject to the requirements of Section 1720 et seq. of the California Labor Code requiring the payment of prevailing wages, the training of apprentices and compliance with other applicable requirements. Contractors and all subcontractors who perform work on the project are required to comply with these requirements. Prevailing wages apply to all projects over \$1,000 which are defined as a “public work” by the State of California. This includes: construction, demolition, repair, alteration, maintenance and the installation of photovoltaic systems under a Power Purchase Agreement when certain conditions are met under Labor Code Section 1720.6. This include service and warranty work on public buildings and structures.
 - b. The applicable California prevailing wage rate can be found at www.dir.ca.gov and are on file with the District’s principal office, which shall be available to any interested party upon request. The contractor is also required to have a copy of the applicable wage determination posted and/or available at each jobsite.

- c. Specifically, contractors are reminded of the need for compliance with Labor Code Section 1774-1775 (the payment of prevailing wages and documentation of such), Section 1776 (the keeping and submission of accurate certified payrolls) and 1777.5 in the employment of apprentices on public works projects. Further, overtime must be paid for work in excess of 8 hours per day or 40 hours per week pursuant to Labor Code Section 1811-1813.
- d. Special prevailing wage rates generally apply to work performed on weekends, holidays and for certain shift work. Depending on the location of the project and the amount of travel incurred by workers on the project, certain travel and subsistence payments may also be required. Contractors and subcontractors are on notice that information about such special rates, holidays, premium pay, shift work and travel and subsistence requirements can be found at www.dir.ca.gov.
- e. Only bona fide apprentices actively enrolled in a California Division of Apprenticeship Standards approved program may be employed on the project as an apprentice and receive the applicable apprenticeship prevailing wage rates. Apprentices who are not properly supervised and employed in the appropriate ratio shall be paid the full journeyman wages for the classification of work performed.
- f. The public entity for which work is being performed or the California Department of Industrial Relations may impose penalties upon contractors and subcontractors for failure to comply with prevailing wage requirements. These penalties are up to \$200 per day per worker for each wage violations identified; \$100 per day per worker for failure to provide the required paperwork and documentation requested within a 10-day window; and \$25 per day per worker for any overtime violation.
- g. As a condition to receiving progress payments, final payment and payment of retention on any and all projects on which the payment of prevailing wages is required, the contractor agrees to present to the District, along with its request for payment, all applicable and necessary certified payrolls (for itself and all applicable subcontractors) for the time period covering such payment request. The term "certified payroll" shall include all required documentation to comply with the mandates set forth in Labor Code Section 1720 et seq, as well as any additional documentation requested by the District or its designee including, but not limited to: certified payroll, fringe benefit statements and backup documentation such as monthly benefit statements, employee timecards, copies of wage statements and cancelled checks, proof of training contributions (CAC2 if applicable), and apprenticeship forms such as DAS-140 and DAS-142.
- h. In addition to submitting the certified payrolls and related documentation to the District, the contractor and all subcontractors shall be required to submit certified payroll and related documents electronically to the California Department of Industrial Relations. Failure to submit payrolls to the DIR when mandated by the project parameters shall also result in the withholding of progress, retention and final payment. The District may choose to require that all labor compliance documentation be delivered using a web based collection system such as LCPTracker or Elations. Certified payroll information for this project shall be submitted electronically through LCPTracker.
- i. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].
- j. No contractor or subcontractor may be awarded a contract for public work on a public works project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. Contractors **MUST** be a registered "public works contractor" with the DIR AT THE TIME OF BID. Where the prime contract is less than \$15,000 for maintenance work or less than \$25,000 for construction alternation, demolition or repair work, registration is not required.
- k. All contractors/subcontractors and related construction services subject to prevailing wage, including but not limited to: trucking, surveying and inspection work must be registered with the Department of Industrial Relations as a "public works contractor".

Those you fail to register and maintain their status as a public works contractor shall not be permitted to perform work on the project.

- l. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
- m. The District shall withhold any portion of a payment; including the entire payment amount, until certified payroll forms and related documentation are properly submitted, reviewed and found to be in full compliance. In the event that certified payroll forms do not comply with the requirements of Labor Code Section 1720 et seq., the District may continue to hold sufficient funds to cover estimated wages and penalties under the contract.

2. **Indemnification.** To the extent permitted by law, Contractor shall defend, indemnify and hold harmless NSJWCD, its directors, officers, employees, and authorized volunteers from and against all claims, damages, losses and expenses, including reasonable attorneys' fees and costs to defend arising out of the performance of the work described herein, and caused in whole or in part by any negligent act or omission of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone whose acts any of them may be liable, except where caused by the active negligence, sole negligence, or willful misconduct of the NSJWCD, its directors, officers, employees, and authorized volunteers.
3. **Insurance.** Minimum Scope and Limits of Insurance: Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries or death to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, his agents, representatives, employees, or subcontractors. Coverage shall be at least as broad as the following:
 - a. General Liability - Commercial General Liability (CGL) - Insurance Services Office (ISO) Commercial General Liability Coverage (Occurrence Form CG 0001) including products and completed operations, property damage, bodily injury, personal and advertising injury with limit of at least two million dollars (\$2,000,000) per occurrence or the full per occurrence limits of the policies available, whichever is greater. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (coverage as broad as the ISO CG 25 03, or ISO CG 25 04 endorsement provided to NSJWCD) or the general aggregate limit shall be twice the required occurrence limit.
 - b. Automobile Liability - Insurance Services Office (ISO) Business Auto Coverage (Form CA 00 01), covering Symbol 1 (any auto) with limit of one million dollars (\$1,000,000) for bodily injury and property damage each accident.
 - c. Workers' Compensation Insurance - The Contractor shall provide workers' compensation coverage as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease.
 - d. Waiver of Subrogation (also known as Transfer of Rights of Recovery Against Others to Us) - The Contractor hereby agrees to waive rights of subrogation to obtain endorsement necessary to affect this waiver of subrogation in favor of the NSJWCD, its directors, officers, employees, and authorized volunteers, for losses paid under the terms of this coverage which arise from work performed by the Named Insured for the NSJWCD; this provision applies regardless of whether or not the NSJWCD has received a waiver of subrogation from the insurer.
 - e. Additional Coverage - If the Contractor maintains broader coverage and or/higher limits than the minimums shown above, NSJWCD requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum of insurance and coverage shall be available to the NSJWCD.
 - f. Other Required Provisions: The Commercial General Liability policy are to contain, or be endorsed to contain, the following provisions:
 - g. Additional Insured Status - NSJWCD, its directors, officers, employees, and authorized volunteers are to be given insured status (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 10 01 and CG 20 37 10 01, with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work

contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under Cal/OSHA safety and health standards.

6. **Utilities:** The Contractor shall be responsible for the safeguarding of all utilities. At least two working days before beginning work, the Contractor shall call the Underground Service Alert (USA) in order to determine the location of sub-structures. The Contractor shall immediately notify NSJWCD and the utility owner if he/she disturbs, disconnects, or damages any utility.
7. **Excavation or Trenching:** In accordance with Section 6705 of the California Labor Code, the Contractor shall submit to NSJWCD specific plans to show details of provisions for worker protection from caving ground during excavations or trenches of five feet or more in depth. The excavation/trench safety plan shall be submitted to and accepted by NSJWCD prior to starting excavation. The trench safety plan shall have details showing the design of shoring, bracing, sloping or other provisions to be made for worker protection from the hazard of caving ground. If such a plan varies from the shoring system standards established by the Construction Safety Orders of the California Department of Industrial Relations (Cal/OSHA), the plan shall be prepared by a California registered civil or structural engineer. As part of the plan, a note shall be included stating that the registered civil or structural engineer certifies that the plan complies with the Cal/OSHA Construction Safety Orders, or that the registered civil or structural engineer certifies that the plan is not less effective than the shoring, bracing, sloping or other provisions of the Safety Orders. In no event shall the Contractor use a shoring, sloping, or protective system less effective than that required by said Construction Safety Orders. Submission of this plan in no way relieves the Contractor of the requirement to maintain safety in all areas. If excavations or trench work requiring a Cal/OSHA permit are to be undertaken, the Contractor shall submit his/her permit with the excavation/trench work safety plan to NSJWCD before work begins.
8. **Independent Contractor:** Contractor is an independent contractor, and shall not be considered an officer, agent, or employee of District.
9. **Assignment:** Without the written consent of the District, this Agreement is not assignable by Contractor either in whole or in part.
10. **Time of the Essence:** Time is of the essence of this Agreement.
11. **Termination:** At any time during the term of this Agreement, the District has the right to terminate this Agreement provided Contractor is given a 30-day notice.
12. **Amendment:** This Agreement is integrated and may only be amended or modified in writing.
13. **Venue and Choice of Law:** Any action arising out of this Agreement shall be brought in San Joaquin County, California, regardless of where other venues may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
14. **BONDS:**
 - A. Contractor shall furnish to the District a Payment Bond and such Performance Bond executed by a corporate surety acceptable to the District and authorized to issue such surety bonds in the State of California. Each bond shall be in an amount equal to one hundred percent (100%) of the contract price. The entire cost of the bonds shall be borne by the Contractor.
 - B. Contractor shall furnish a Warranty Bond executed by a corporate surety acceptable to the District and authorized to issue such surety bonds in the State of California. The Warranty Bond shall in an amount at least equal to ten percent (10%) of the contract price as security for the faithful performance of all Contractor's warranty obligations under the contract. The entire cost of the bond shall be borne by the Contractor.
 - C. The required bonds and certificates of insurance shall be delivered to the District within (5) five calendar days after receipt of a signed contract from District and authorization from District to proceed.
