On behalf of the Groundwater Sustainability Agencies (GSAs) comprising the Eastern San Joaquin Groundwater Authority (referred to herein as the ESJ GWA and as listed below), pursuant to California Water Code Section 10728.4, the ESJ GWA, on behalf of its member agencies, hereby gives notice to the legislative body of any City, County, or Public Utilities Commission-regulated company within the geographic area covered by the pending Eastern San Joaquin Groundwater Subbasin Groundwater Sustainability Plan (GSP) that its member GSAs intend to adopt the GSP for the Eastern San Joaquin Groundwater Subbasin (Basin No. 5-022.01). A map of the GSP area is included herein.

Interested parties may provide comments on the Public Draft GSP during the scheduled public comment period, July 10 through August 25, 2019. According to Water Code Section §10728.4: "A groundwater sustainability agency may adopt or amend a groundwater sustainability plan after a public hearing, held at least 90 days after providing notice to a city or county within the area of the proposed plan or amendment. No sooner than 90 days from the date of this Notice, each of the GSAs identified below will hold a public hearing and consider adopting the GSP. For meeting information and public hearing dates, please refer to the ESJ GWA website.
